

## Go Pink Fashion Show

Whether your students are aspiring models, marketers, sales people, advertisers or designers – organising a fashion show is a great way to get everyone using their individual skills and working together as a team for a good cause.

Below are some hints and tips to get your students started:

### Decide

Choose a date and time

### Plan

Get a team together and allocate jobs to each member of the team. Write a plan with a check list so that you can tick everything off as you go along.

### Ask

Let local shops know what you are planning to do and ask if they can help. They may want to feature some of their clothes or they may donate a raffle prize for the event.

### Shout!

Make sure everyone knows about the event so that they can buy a ticket. This can be by putting posters up around the school, a notice on the schools website, students selling tickets at break time or a few mentions in assembly. The more people that know about the event, the more successful it will be! You may want to extend the invite to parents as well as students.

### Fundraise

Think about how you can raise even more money at your event and encourage donations by providing refreshments or holding a raffle.
